

Disinfection of driver cabins

A nationwide service in Germany and Austria

WHY...?

Since corona and other viruses can persist on different surfaces for up to several days, comprehensive disinfection is essential for a safe driver's workplace!

Our partner is at your disposal with a nationwide network, both stationary and mobile.

HOW...?

Contact us directly by phone or e-mail. We will record your data and arrange a cleaning appointment at your premises or at the nearest service centre.

Order our service today:

Tel.: +43 3622 72300 769

E-Mail: info@service24.at

WITH WHAT...?

S24 Customer:
As a Service 24 customer the known invoicing modalities apply.

DKV Customer:
Invoicing is as simple as usual via your DKV invoice.

WHAT HAPPENS...?

As a specialist in the implementation of disinfection, our partner treats the driver's cab with modern ultrasonic hydroponic fogging technology. The disinfectant is atomized into small microparticles and distributed evenly, even on surfaces that are difficult to reach. The danger of infection at the driver's workplace is eliminated.

WHAT'S TO DO...?

Before:

- Removal of objects that could be affected by the moisture
- Removal of open food products
- Switch off all electronic devices

After:

- Wipe off any remains after disinfection
